Alex, thanks for the follow up. We really appreciate the PFAS help. As for the meeting we will probably send a person and offer the other seat to our Public Health Dept. We will keep you posted. Also we did have staff on the LIS call so we are on top of the communication there.

Regards, Bob

Bob,

Thanks for the call with CTDEEP yesterday. I wanted to let your team know that today you should have received a copy of a letter to your Governor from Administrator Pruitt regarding the PFAS DC meeting. Details are still emerging – we understand attendance will be limited to 2 per state. Part of the meeting will be limited to EPA/states. There is no indication of EPA covering state travel at this point.

Also, I am set to be briefed on Stratford Army Engine Plant before coming to Raymark.

Finally, please know we stand ready to help with the PFAS sampling and further activities at Westchester airport.
